Eligibility

If you are uncertain about any aspect of eligibility, please contact the British Council by emailing israelscience@britishcouncil.org and copy Rawan.Abulafi@britishcouncil.org.il, clearly marking the subject line as "Eligibility Query".

Please note that the British Council is unable to comment on the scientific or conceptual content of the proposals. It can only respond to queries related to eligibility and technical matters.

- 1. The calls are open to PhD students and postdoctoral researchers. Postdoctoral researchers should have been awarded their PhD not more than 10 years prior to applying. Allowances can be made for career breaks or other extenuating circumstances.
 - 2.Fellowship applicants must be early career researchers from Israel or the UK, intending to visit a lab in a research institution in the UK or in Israel.
 - 3.Mobility applicants must be early career researchers from Israel or the UK, intending to conduct a short visit to a department or lab, participate in a conference, a course, an exchange visit to a laboratory or other visits where it can be shown to be of value for increasing the applicant's involvement and knowledge in the priority areas.
 - 4.There is no requirement for applicants to be nationals of the UK or Israel; they need to be affiliated with a UK or Israeli institution.
 - 5.Individuals connected to other Wohl Clean Growth Alliance Grants are eligible to apply, but not with the same project or partner.
 - 6.Applicants and their hosts must hold a position in research institutions or academic institutions in the UK or in Israel, that are officially recognised by both countries¹.
 - 7.The Fellowships will fund a visit from the UK to Israel or vice versa. We do not expect reciprocal visits.
 - 8.Only fellowship applications that have been jointly endorsed by heads of research groups or heads of departments in both the applicants home and host institutions will be considered.
 - 9.Multiple applications from laboratories / departments / institutions are acceptable; however, individuals may submit only one application at a time. Duplicate applications will not be eligible, even if they are to different host institutions.
 - 9.Preference will be given for new collaborations although individuals involved in existing cooperations will be considered.
 - 10.Applications to extend visits or to bridge research visits funded by other organisations will not be considered.
 - 11.Applications to visit the laboratory, institute, or department in which the applicant obtained their PhD or to work again with the candidate's PhD supervisor will not be considered.
 - 12.All visits must be completed by 30 March 2028
