(Graduate Research Opportunities in Water Technology and Health)

Doctoral Fellowships for graduates of Palestinian universities to study at an Israeli university

The Israel-UK-Palestine GROWTH Fellowship Scheme was established to promote scientific links between Israeli, British, and Palestinian researchers and to contribute to the development of science and research in those three countries. Through the Fellowship, outstanding graduates of Palestinian universities can receive funding for a full PhD programme in the fields of Water Sciences or Health- related Sciences at an Israeli university of their choice.

Fellowships are available to graduates of Palestinian universities interested in studying at an Israeli university.

The deadline for applications is: Tuesday 30 August, 2016.
